Project content

Project outcomes	
+ <input type="checkbox"/> PA01 Outcome 1	Increased competitiveness of Slovak enterprises within the focus areas: Green Industry Innovation and Welfare Technology and Ambient Assisted Living technologies
+ <input checked="" type="checkbox"/> PA03 Outcome 2	Education and Employment potential enhanced in Slovakia in Green Industry Innovation and Welfare and Ambient Assisted Living technologies

Summary

The project initiative is built upon a long term continuous improvement of the university education process and methods with the focus on following priorities:

- Integration of new post-pandemic crisis era IT technologies in education and training for the application of new teaching as well as training models,
- Development of learning modules/curricular in Environmental economics, Enviro. Management, Circular Economy
- Raising environmental awareness of university students/graduates, with possible employment in green innovative public and private entities in Slovakia and raising of environmental awareness of university teachers to enhance their new digital era teaching skills applicable for further education of full-time and part time students.

Specific focus will be oriented on cooperation with organisations from public and private sectors such as National Union of Employers, SEWA and university in Norway The College for Green Development, for a transfer of knowledge and good practice.
